

**Mitzi Williams, MD**, is a neurologist in the Multiple Sclerosis Center of Atlanta, GA. She earned her BS degree in neuroscience and behavioral biology from Emory University and her MD from Morehouse School of Medicine in Atlanta, GA. She completed her internship and neurology residency at MCG and her fellowship at the Augusta Multiple Sclerosis Center. During her training, she was a Graduate Medical Education Committee Resident Member and Chief Resident in Neurology. She is certified by the American Board of Psychiatry and Neurology, and holds memberships in the National MS Society, the American Academy of Neurology, the Christian Medical and Dental Association, and the Consortium of Multiple Sclerosis Centers. In her work as Medical Director at the Augusta MS Center, she served a patient population of over 1,400 people in Georgia and South Carolina. She has spoken both nationally and abroad in conjunction with the Accreditation Council for Medical Education (ACCME) and other organizations. She has received numerous recognitions for her professional and educational achievements, including a Neurology Resident Scholarship, Aventis Pharmaceuticals Scholar Award, and a nomination for Resident of the Year at the Georgia Health Sciences University.
